3. Available Slots

You should note that on each possible signup activity option there are “Open” numbers listed. These numbers reflect the maximum number of Volunteers we desire to sign up for that activity. The available slots for each of the rides have never filled up.

If you wish to help with a specific function and there is no slot for signup, you will see **FULL** on the screen. If you really want only the filled position, contact the signup sheet manager and we can increase the number of slots or just show up and join in knowing we have the maximum we need at that position (we can accomplish this for any volunteer position).

4. **DELETING A SIGNUP or Changing Contact Information:** If changes need to be made in your dates of service or your contact information, you can contact us via the “**Contact the signup sheet manager**” tab at the bottom of each listing of events. As always, you can just send us an email to cscvnp@gmail.com. Someone will respond accordingly.

Only the signup sheet manager can remove a volunteer from the signup sheet, you cannot delete or alter your own entry once it is submitted.

5. See who is signed-up: Since only the signup sheet manager can delete your sign up, if you want to verify you have been removed, verify you are signed up or see who else is registered for a specific date, go to the signup sheet and you can see the first name and last initial of the volunteers signed up for that event.
